Change Request #: 14-06**

Requestor Name:	Rusty Sprouse	Date:	02/25/2014	Affiliation:	
Email Address:	<a href="mailto:sprouse@jlab.org">sprouse@jlab.org</a>	Phone No:	757-269-7589	DOE	
Man Hours to Implement:		HQ Program Ofc:	SC	Contractor	X
Proposed Change:	<p>Add a new pick list data element called Mission Unique Facility which will be available for buildings, trailers, and OSF's for all ownership types.</p> <p>The Laboratory Operations Board sub team/Programs will provide the Mission Unique Facility name and a brief description for the pick list values.</p> <p>Mission Unique Facilities are defined as one-of-a-kind, physically unique, large-scale, technically complex, long-lived operations that are critical resources to the mission of the DOE and to the nation. These facilities are essential to the development of the innovative, breakthrough technologies required for DOE to deliver on its core mission. They each were specifically designed, constructed, and are being operated to provide mission-essential, unique capabilities and are not easily reconfigurable for alternate use.</p> <p>These Mission Unique Facilities include the following:</p> <ul style="list-style-type: none"> <li>• Accelerators (Particle and Light Sources)</li> <li>• High Performance Computing Facilities</li> <li>• Fission Reactors (e.g., Advanced Test Reactor, High Flux Isotope Reactor)</li> <li>• Fusion Research Devices (e.g., NSTX)</li> <li>• High Performance Lasers (e.g., NIF)</li> <li>• Other Large, Unique Production and Waste</li> <li>• Processing Facilities (e.g., MESA Semiconductor Facility at SNL, DWPF at SRS).</li> </ul> <p>In order to facilitate efficient input into FIMS, a Mission window will be developed and will include the following existing FIMS data elements: Mission Dependency, Mission Dependent Program, and Capabilities.</p> <p>The Mission window has been made available for Land assets due to the existence of Mission Dependency and Core Capabilities which are required.</p>				
Justification:	This data element is needed to support the Laboratory Operations Board initiative.
